Roland Woodward Picnic and Glider Fly-In (August 9)

Quoting Bob C.'s Facebook post: *"The Rolly Woodward Glider Fly-In and Picnic has come and gone.... The cover picture was Rolly's glider so he was there in spirit."*

Interestingly, the model is a Great Planes *Spirit*. I was fortunate enough to end up with the plane as one of the many models that was sold from his estate. I also have a Dx9 transmitter that had belonged to him. He passed before I joined the club so I never met him but everyone seem to have an interesting story about good times they had shared with Rolly. It seemed fitting to not replace his name in the Tx screen.

Our Fly-In was accompanied by some *very* warm weather. The first order of the day for me was to acquire an unclaimed Easy-Up for shade. Many others had the same idea and we were able to be somewhat comfortable despite the heat.

There were quite a few visitors. Some even got a taste of piloting with the buddy box. Gliders were made available for anyone that wanted to soar as well. Bob was always ready and willing to ferry anyone that needed a lift. Of course, the usual variety of craft flew as well. Vic handled the grill with great ease and that pretty much sums up the day. I'll let the pictures tell the rest.
